

27th June 2006

To Whom It May Concern,

I am delighted to write a letter of support for Lyrebird Media's application to seek funding for the production of the film "Liquid Light-the power of water".

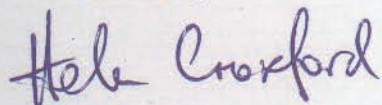

Lyrebird Media is based in the City of Maroondah, and its Producers/Directors, Maireid Sullivan and Ben Kettlewell are award winning filmmakers, composers, and virtuoso recording and performing artists, as well as internationally published writers.

The documentary film " Liquid Light"-the power of water highlights to people across the globe the need to conserve our most precious resource, water, utilising arts as a medium.

Maroondah City Council actively plays a role in water conservation and is a member of the International Council for Local Environment. Council is also in the process of implementing a Corporate Water Conservation Strategy and assists the local community with water conservation issues.

On behalf of Maroondah City Council I wish Lyrebird Media all the best in their endeavours to obtain funding the production of the film "Liquid Light-the power of water".

Yours Sincerely,

Helen Croxford

Director Community and Leisure Services
