To Whom It May Concern

**RE: Liquid Light – The Power of Water**

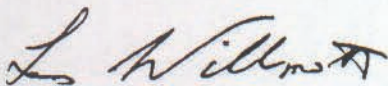

Maroondah City Council is aware of the precious and essential nature of our water. It is imperative to the whole core of our human existence.

The values and emphasis we place on the importance of our water will educate our future generations to preserve that which is so commonly taken for granted today.

Maroondah City Council is supportive of the values and ideals that will ensure the maintenance and continuance of our natural water resources.

The film 'Liquid Light – The Power of Water' sets out to explore the power of water and to this end will show its audience the worth and necessity of such a precious environmental resource.

Yours sincerely

Cr Les Willmott JP
